

Safety Checklist Form

Batch Number:

Date of Purchase:

Model Number:

HMT240.3 PICTURED

- Check that the stiles and legs are not bent, bowed, twisted, dented, cracked, corroded.
- Check that the fixing points around the stiles and legs for other components are in good condition.
- Check that fixings and welds are not missing, loose, cracked or corroded.
- Check that rungs/steps are not missing, loose, excessively worn, corroded or damaged.
- Check that the hinges between front and rear sections are not damaged, loose or corroded.
- Check that the chain, carabiner, back rails and corner braces are not missing, bent, loose, corroded or damaged.
- Check that ladder feet are not missing, loose, excessively worn, corroded or damaged.
- Check that the entire ladder is free from contaminants (e.g. dirt, mud, paint, oil or grease).
- Check that locking catches (if fitted) are not damaged or corroded and function correctly.
- Check that the platform (if fitted) has no missing parts or fixings and is not damaged or corroded.

Conclusions

Condition - please mark:
(S) safe to use, (M) missing parts, (D) to be disposed
